The Family Resource Network

2019 Sponsorship Opportunities
Thank you for your interest in supporting The Family Resource Network (FRN)!

The Family Resource Network (FRN) is the leading provider of family support services to individuals with intellectual and developmental disabilities and their families in New Jersey. The integrated affiliated organizations, Autism Family Services of NJ, Caregivers of NJ, Epilepsy Services of NJ and Family Support Center of NJ are dedicated to enabling all individuals the opportunity to lead happy, fulfilling lives.

2018 challenged us to continue creating new ways to meet the changing future of providing services. These changing times combined with the increased competition for donor dollars have required us to be more resourceful than ever. You can be confident that your contribution will have the greatest impact possible.

Our commitment to continue to serve NJ families whose lives are growing increasingly difficult is as strong as ever. We will continue to strive to provide high quality, innovative services to people with intellectual and developmental disabilities, with a focus on serving people with autism, epilepsy and chronic health conditions. To continue to provide top notch, comprehensive services it is imperative that we increase support and funding from individuals and companies.

The Network will focus on generating revenue that will enable us to provide hope and help to families and services that are not paid for through government or grant funding. Please consider supporting FRN and its affiliate agencies to provide the services and supports that families caring for loved ones with disabilities and chronic health conditions so greatly need.
