WISHING YOU A HAPPY HOLIDAY SEASON!

From the FRN family to yours, happy holidays!

Essex Awareness Training at Salesforce in NYC

On December 8th, 2023, ESNJ's VP of Epilepsy Services, Andrea Racioppi, led an epilepsy awareness training at Salesforce in NYC. The training was co-hosted by CURE Epilepsy. Andrea shared the floor with Miguel Cervantes – who plays Alexander Hamilton in the play Hamilton – and author Kelly Cervantes, who recently released a book, Normal Broken, which focuses on healing from trauma based on her experiences losing a daughter to complications stemming from epilepsy. The event was widely attended, both by Salesforce's New York City staff and others from around the world. FRN senior staff (pictured) joined Andrea for this fantastic event.
